

## **A NOTE FROM HONORARY SECRETARY**

---

Dear Esteemed Members,

The Management Committee (MC) views with concern the many postings by members in various chat groups over the past few months which are deemed threatening, disrespectful and misleading to both the MCs and members.

We would like to remind members that slanderous, libelious and threatening postings could be used against you should a complaint be lodged whereby the disciplinary committee would need to hold disciplinary hearings on the matter.

In this respect, we wish to remind administrators of the various chat groups to urge your members to observe certain decorum and appropriate behaviour befitting of members of this prestigious club in their postings and that members who repeatedly post unfounded and misleading statements should be deleted/removed from the group.

We value your views and comments and encourage members to do so in a factual and civilised manner.

Thank you.

**Honorary Secretary**
